

AKRA President's Statement
On
Senator Lisa Murkowski

The Alaska Republican Assembly (AKRA) strongly condemns the latest actions, votes, and statements by Alaska Senator Lisa Murkowski to convict former President Donald J. Trump of impeachment.

President Trump has done more for Alaska than any president in history. He opened up ANWR, cut restrictive regulations, and reduced taxes. He has created an atmosphere of hope and optimism.

President Trump has overwhelming support of the Alaskan population. Yet, actions of Lisa Murkowski have been nothing but adversarial toward the President since day one. She has aligned herself with the Democrat (Socialistic) Party, and abandoned the principles and platform of the Republican Party. She is not a Republican.
